

Too Many Knives

Charlie Straight

The place is always empty
Until the afternoon
I came home too soon
I came home too soon

I wonder if it's raining
'Cause my hair is wet
How could I forget?
How could I forget?

There's too many knives in the kitchen
There's too many knives in the kitchen
There's too many knives in the kitchen
I'm hungry for love
I'm hungry for love

I'm wasting my time in the kitchen
With you on my mind in the kitchen
There's too many knives in the kitchen
I'm hungry for love
I'm hungry for love

I take all my clothes off
C Emi by the Hmi
Leave them And I miss you so
And I miss you so

There's too many knives in the kitchen
There's too many knives in the kitchen
There's too many knives in the kitchen
I'm hungry for love
I'm hungry for love

I'm wasting my time in the kitchen
With you on my mind in the kitchen
There's too many knives in the kitchen
I'm hungry for love
I'm hungry for love

Hungry for love, ah!
