

# Charlie's Angel

Charlie Wilson

Oh oh...  
Oh oh oh yeah..  
Oh oh..

Where did you come from baby  
And how much you know  
My heart is in me  
He must have sent you honey  
And he sets your love straight to me yeah yeahhhh  
Coz I know it must be divine because no one else was around  
When you came by into my life  
And that's why I am glad that you are right by my side

I know where you came from  
And I know you are the one  
Straight from heaven  
Charlie's Angel  
Just wanna hold you  
Don't wanna let you go uhh babe  
Here from heaven Charlie's Angel  
I know where you came from  
And I know your the one  
Sent from heaven  
Charlie's Angel  
Just wanna hold you  
Don't wanna let you go uhh babe

It took 40 days and 40 nights  
Nothing but rainy days in my life  
There was no melody that I could sing  
Than you came in my life and rescued me  
I know it must be divine  
Because no one  
Else was around when you came by  
Into my life  
That's why I am glad that  
You're right by my side

I know where you came from  
And I am know you are the one  
Straight from heaven  
Charlie's Angel  
Just wanna hold you  
Don't wanna let you go  
Here from heaven Charlie's Angel  
I know where you came from  
And I know your the one  
Sent from heaven  
Charlie's Angel  
Just wanna hold you  
Don't wanna let you go  
Sent from heaven  
Charlie's Angel

I thank the lord that he had  
Made my eyes upon you  
I praise the things you made

And changes in my life  
I searched the world baby  
I am so glad I've found you  
Now that you here  
Everything is alright

I know where you came from  
And I am know you are the one  
Straight from heaven  
Charlie's Angel  
Just wanna hold you  
Don't wanna let you go uhh babe  
Here from heaven Charlie's Angel  
I know where you came from  
And I know your the one  
Sent from heaven  
Charlie's Angel  
Just wanna hold you
