

# Smile for Me

Charlie Wilson

Alright, yeah

I think about what my daddy told me, umm  
There's gonna be storms in life, yes it will  
But the sun comes up every morning, umm  
Even after the darkest night, yeah

Maybe the rent ain't paid  
Or the car note's late  
And you're working hard  
Like every single day, yeah  
But you can make it through  
Ain't nothing you can't do  
Yeah, I believe in you  
Let me break it down

I'm here to say  
When everything ain't okay  
I promise it's gonna change  
So won't you smile for me  
I know it's hard (I know it's hard)  
Cause I've been right where you are  
You can light up the dark  
If you just smile for me

Ooh, you can start up the chain reaction  
Or, stretch an inch into a mile, oh  
The best thing's just around the corner, oh yeah  
So hang in there a little while, oh

Maybe the rent ain't paid  
Or the car note's late  
And you're working hard  
Like every single day, yeah  
But you gone make it through (make it through)  
Ain't nothing you can't do (ain't nothing you can't do)  
Yeah, I believe in you  
Let me break it down

I'm here to say  
When everything ain't okay  
I promise it's gonna change  
So won't you smile for me  
I know it's hard (I know it's hard)  
Cause I've been right where you are  
You can light up the dark  
If you just smile for me

Don't let it get you down (don't let it get you down)  
I know that you can turn it around (you can turn it around)  
Anything that is lost will be found, oooh yeah  
So come on and show me a little piece of heaven  
Show the world what you really been blessed with

I'm here to tell ya  
When everything ain't okay  
I promise it's gonna change

So won't you smile for me  
I know it's hard (I know it's hard)  
Cause I've been right where you are (I've been right where you are)  
You can light up the dark (you can light up the dark)  
If you just smile for me (smile for me baby)

Oh-oh, oh won't you smile, oh won't you smile  
Oh won't you smile, oh won't you smile  
Just smile for me (smile for me baby)  
Oh-oh oh yeah
