

# Sprung On Me

Charlie Wilson

Go Charlie  
Get funky

Sprung on me baby  
Sprung on me baby  
You must be crazy  
Sprung on me baby

As I can plainly see,  
you're really into me  
I got you sprung on me,  
just a wannabe.

I am reality  
You're just a fantasy  
As I can plainly see,  
just a wannabe.

Sprung on me baby (you're just a fantasy)  
Sprung on me baby (as I can plainly see)  
You must be crazy (I got you sprung on me)  
Sprung on me baby

You think your style's unique  
It's fixed on G.A.P.  
There's no apology  
from the wannabe

Sorry, Uncle Charlie  
because I was standing first in line  
tell me no way, are you ok  
you must have been out of your mind

Sprung on me baby (whoa)  
Sprung on me baby (oooh)  
You must be crazy (uhh)  
Sprung on me baby

Most pretend but really have no way  
Copy cats turn the situation from thick to thin

So give up just do it, don't try to bust through  
You know who you are so tell me why must you  
continue to imitate, sound like an emulate  
Try to be Charlie, of course it's going to sound great  
Charlie's back though, I'm letting you all know  
He's blasting off so you better just get low  
Just a word to the wise and small fries,  
we're cutting off all ties and

Some don't dare, and others just don't compare  
I said, "Charlie why is everybody riding your beats?"  
He said, "It's simple G, they sprung on me".

Sorry, Uncle Charlie  
because I was standing first in line  
tell me no way, are you ok

you must have been out of your mind (oh oh)  
Sorry, Uncle Charlie  
you must have been out of your mind  
tell me no way, are you ok  
you must have been out of your mind (miiiind)

Sprung on me baby  
Sprung on me baby  
You must be crazy  
Sprung on me baby (I gotta sprung on me)

Sprung on me baby  
Sprung on me baby (I gotta sprung on me)  
You must be crazy (ooh-wee)
