Would You Mind

Charlie Wilson

Yeah, come on
Uh, uh, uh, uh

Baby, when I saw you at the club
I knew right then and there, I wanted you
All of you, oh baby, long hair and pretty eyes
About 5 foot 5 with sexy thighs

I can't deny, you're just my type
Oh baby, you got that thang on you
Make me fall for you
You'll be mine before the night is through
Oh yeah

Would you mind if I stepped to you?
Would you mind, take a minute, let me talk to you?
Would you mind, 'cause I think I'm really feelin' you?
All I wanna know is would you be mine?

Would you mind if I stepped to you?
Would you mind, take a minute, let me talk to you?
Would you mind, 'cause I think I'm really feelin' you?
All I wanna know is would you be mine?

You said right now, you got a man
But he can't give it to you, like I can
No he can't, no baby, since you already know my name
There ain't no need to get in no serious games

No time to play
Oh baby, you got that thang on you
Make me fall for you
You'll be mind before the night is through

Would you mind if I stepped to you?
Would you mind, take a minute, let me talk to you?
Would you mind, 'cause I think I'm really feelin' you?
All I wanna know is would you be mine?

Would you mind if I stepped to you?
Would you mind, take a minute, let me talk to you?
Would you mind, 'cause I think I'm really feelin' you?
All I wanna know is would you be mine?

Hey
(Come on, come on)
Would you be mine?
(Uncle Charlie)
Ooh baby
(Uh, uh, uh)

Won't you be mine?
(What?)
Oh
(Hey)
Oh
(Feel me, trust me)

Oh, ohh

Would you mind if I stepped to you?
Would you mind, take a minute, let me talk to you?
Would you mind, 'cause I think I'm really feelin' you?
All I wanna know is would you be mine?

Would you mind if I stepped to you?
Would you mind, take a minute, let me talk to you?
Would you mind, 'cause I think I'm really feelin' you?
All I wanna know is would you be mine?

Would you mind if I stepped to you?
Would you mind, take a minute, let me talk to you?
Would you mind, 'cause I think I'm really feelin' you?
All I wanna know is would you be mine?

Would you mind if I stepped to you?
Would you mind, take a minute, let me talk to you?
Would you mind, 'cause I think I'm really feelin' you?
All I wanna know is would you be mine?

Would you mind if I stepped to you?
Would you mind, take a minute, let me talk to you?
Would you mind, 'cause I think I'm really feelin' you?
All I wanna know is would you be mine?
