

## Kick The Bucket

Charlie Winston

If you say this is pop, to be singing to a tune with a  
rhythm like this,  
Would it be so unpopular for a singer like me to be  
bringing up the fact that we're all gonna go ?  
Some people swear, they say they know where.  
For me it's a mystery. But which ever way you see it  
you have to admit it and live it and live it !

We all Kick the Bucket in the end ! The end !  
All the girls Kick the Bucket in the end ! The end !  
And the boys Kick the Bucket in the end ! The end !  
Yep ! We all Kick the Bucket in the end ! The end ! The  
end ! The end ! The end !

Blew up my TV.  
It was numbing my brain to be thinking the same as a  
million other people  
All feeling afraid of the same thing.  
But there's is nothing to lose,  
Cause we're all on a bike and we're cycling through,  
Getting off on our injuries - but you gotta get back on  
it and live it and live it to love it and live and love  
life.

Cause we all Kick the Bucket in the end ! The end !  
All the girls Kick the Bucket in the end ! The end !  
And the boys Kick the Bucket in the end ! My friend !  
Yep ! We all Kick the Bucket in the end ! The end ! The  
end ! The end ! The end !

This is not a sad song !  
I don't bring it up to get you down,  
It's a celebration for all the red cells  
going round and round in your body !

I don't mean to preach or to sound like a teacher. No !  
I only wanna cut the crap and looking back, everybody's  
had to face the facts.

we all Kick the Bucket in the end ! The end !  
All the girls Kick the Bucket in the end ! The end !  
And the boys Kick the Bucket in the end ! My friend !  
Yep ! We all Kick the Bucket in the end ! The end ! The  
end ! The end ! The end !
