

I Can Dream

Charlotte Church

I can dream
I can dream
I'd build a castle for a crystal cup
I'd flood the ravine just to
Raise you up

I can dream
I can dream
Freezing the snowfall for your favourite view
Whip up a firestorm just to
Warm you
Through

Oh I will deliver when I sleep
I deliver you and wake
Oh with a shiver when I sleep
I will shake myself
To face the day
Oh I will deliver when I sleep
I make promises

I can dream
I can dream
Fill up the glasses
A toast to the sick-sweet
The best and the better
The best
The ever-ripening best

Oh I will deliver when I sleep
I deliver you and wake
Oh with a shiver when I sleep
I will shake myself
To face the day
Oh I will deliver when I sleep
I make promises
I make promises
