

Ruby

Charlotte Church

Ruby, what am I gonna do with you
Baby you choose what you wanna do
Don't walk my Ruby in the dust
Lost and lonely baby then you must
Understand that I'm here
And you come to me
My Ruby

Ruby, what a life you choose
Baby you loose what you wanna do
Don't walk my Ruby in the dust
Lost and lonely baby then you must
Understand that I'm here
And you can come to me
Understand that I'm near
And you belong to me
My Ruby, my Ruby
