

## Say It's True

Charlotte Church

Must we be just actors hitting marks?  
Must just spotlights know us in the dark?  
Must we live our lives out in the pages?  
Must we play at lovers and friends  
Before they haul us off the stage?

Oh say it's true  
That you are improvising  
Oh say it's true  
That you  
Are free and afraid like me  
Oh say it's true  
That you are improvising  
Oh say it's true  
That you aren't getting prompts  
And haven't read ahead

We were not given a reading list  
So it's not shocking that we have missed  
Some things that should have been clearer  
But I swear they're references  
They won't happen again

Oh say it's true  
That you are improvising  
Oh say it's true  
That you  
Are free and afraid like me  
Oh say it's true  
That you are improvising  
Oh say it's true  
That you aren't getting prompts  
And haven't read ahead

Don't read the end  
Don't even try to guess

Oh say it's true  
That you are improvising  
Oh say it's true  
That you  
Are free and afraid like me  
Oh say it's true  
That you are improvising  
Oh say it's true  
That you aren't getting prompts  
And haven't read ahead
