Melancholy Aviation Chocolate Perfume Cigarettes Frequent flyer Stow away Dislocation Sleeping Jets Wave goodbye Feel homesick Tranquilizers Bill of fare Cry easy Dvt Disappear into thin air [Chorus] We wish you all a very happy pleasant flight This is a journey to the center of the night And the inflight entertainment's out of sight Here on af 607105 Time difference You're waking Chase the sun into your eyes Sleeping cities Dust hotel rooms Passengers look to the skies Fly over Your lifetime And never touching down My heart Is breaking Somewhere over saskatchewan [Chorus] We wish you all a very happy pleasant flight This is a journey to the center of the night And the inflight entertainment's out of sight Here on af 607105 Your life in The wrong hands Savannah and frozen wastes The flight path The wingspan Below the earth rotates I love you I miss you

I cannot see your face

Invent a New persona Drunk here on the edge of space

All the things I carry with me And all the things I left behind And all the things that wait to meet me Hover in the air tonight

If I can only keep on moving And never stop and think of me And freefall through the years and decades Terminal velocity

[Chorus] We hope you had a very happy pleasant flight This is our final destination so goodnight Like a stone we are now falling from the sky Farewell from af 607105

The cabin Is burning I smile and feel complete

Here amongst Total strangers 27 000 feet
