Better Than This

Charlotte Sometimes

I said don't go
I said don't leave
But you wasted all my time
Pretending you were mine...

It's a let down, heartbreak, fast breath, slow ache It aint gettin' no better than this It's a let down, heartbreak, fast breath, slow ache It aint gettin' no better than this So I said screw it, eh eh

I said hold on You said "something's wrong" And you wasted all your lies I thought we were fine

It's a let down, heartbreak, fast breath, slow ache It aint gettin no better than this It's a let down, heartbreak, fast breath, slow ache It aint gettin no better than this

And it's been a while
I'm still on fire, I'm not tiring
You're just a liar, I'm just a buyer of your badness

It's a let down, heartbreak, fast breath, slow ache
It aint gettin no better than this
It's a let down, heartbreak, fast breath, slow ache
It aint gettin no better-

It's a let down, heartbreak, fast breath, slow ache It aint gettin no better than this It's a let down, heartbreak, fast breath, slow ache It aint gettin no better than this It aint getting better, better than this [X4] Better, better than this...
