

Ooh Love

Charlotte Sometimes

Hello
Are you thinking about me
Thinking about you
How long do you dream about me
Dreaming about you

When you sleep
If all you see is a lost inside? of me
When my hair brushes my shoulders
When I cry, be that tissue
Ooh love
I feel it now more than ever
I feel so good underneath
Ooh love
Love

No stay
Seeing it all through
Needed to be you
Stay here
Being so lonely
Falling if only

When my hair brushed my shoulder
When I cry be that tissue
Ooh love
I feel it now more than ever
I feel so good underneath
Ooh love
Love

Ooh my weight keeps lifting
The ground beneath me shook
And I am wishing you to me
Come on baby let me see you

When my hair brushed my shoulder
When I cry be that tissue
Ooh love
I feel it now more than ever
I feel so good underneath
Ooh love
Love
Love
Love
Love
