Sideways

Charlotte Sometimes

Oh I've been thinking past But all I got is now But it's all good 'til it's not And he really freaks me out Whatever that's about But it's all good 'til it's not It's all gold 'til it stops

I always punctuate. The words I used to hate. But it's all good 'til it's not It's all good 'til it stops

Sleep. nobody sleeps. Nobody sleeps. That's always sideways. They want you to. Then inside it's true.

The books I read They make faces They are so mean It's all good 'til it's not It's all gold 'til it stops

Sleep. nobody sleeps. Nobody sleeps. That's always sideways.

Everything I ever wanted Everything I always asked for Just turned to dust. I'm looking now I'm headed in I thought that I was built to win But I don't But I don't

Sleeps. nobody sleeps. Nobody sleeps. Well nobody...

Sleep. nobody sleeps. Nobody sleeps. That's always sideways. That's always sideways. That's always sideways.
