

## Some Hearts Get All The Breaks

Charly McClain

Some hearts out there  
Lookin' for the perfect mate  
Fool around until it's too late  
And true love's passed them by

Some hearts never found out what they're after  
Never learned to master  
They don't even try  
And then they wonder why

Some hearts get all the breaks  
Some never feel the old heartache  
Some hearts never make mistakes  
'Cause they got what it takes  
Some hearts get all the breaks

Some eyes look forever  
But they never see  
The one love that was meant to be  
They just sit and cry

Some hearts reach out but never hold you  
Although they may enfold you  
They never really try  
And then they wonder why

Some hearts get all the breaks  
Some never feel the old heartache  
Some hearts never make mistakes  
'Cause they got what it takes  
Some hearts get all the breaks

Some hearts get all the breaks  
Some never feel the old heartache  
Some hearts never make mistakes  
'Cause they got what it takes  
Some hearts get all the breaks
