

Divine

Charon

I hide only to defy you
Take away the only love inside you
I see your face through everyone
Inside I've just begun
You think I'm out to scare you
I'm only out to prepare you
For when you stop and turn around
Your body's going down

You're gonna waste your time,
Your life will soon be mine,
You're definitely one of a kind, and
You're suffering 'cause of me, it's divine

Tell me why you never liked me
Tell me wht it is you fight me
Pull down and wait for the perfect time
To take what is rightfully mine
You think they're dumb to defy me
You said you don't want to defy me
You wait, you don't want anyone
Oh well...

You're gonna waste your time,
Your life will soon be mine,
You're definitely one of a kind, and
You're suffering 'cause of me, it's divine

You know what, Fuck you
I'm fed up with you
I'm not as good as you
Fuck no, I'm better than you

You're gonna waste your time,
Your life will soon be mine,
You're definitely one of a kind, and
You're suffering 'cause of me, it's divine

Did you really think you'd beat me at my own game
You try to see what you got
Me ripping at your brain
