

Friends

Chase Atlantic

Girl, tell me what you're doing on the other side?
And so, just tell me what you're doing with that other guy?
Cause I ain't got patience to slow down the bass
All your girlfriends are wasted
They need it, they chase it

Face it
You want it, you crave it
Believe when I say that you'll know once you taste us

All of your friends have been here for too long
They must be waiting for you to move on
Girl, I'm not with it I'm way too far gone
I'm not ready, eyes heavy now
Heart on your sleeve like you've never been loved
Running in circles, now look what you've done
Give you my word as you take it and run
Wish you'd let me stay, I'm ready now

(Just give me some time and space to realize
That you, were busy lying, sleeping 'round with other guys)
And what the hell were we?
Tell me we weren't just friends
This doesn't make much sense
No
But I'm not hurt, I'm tense
Cause I'll be fine without you babe

All of your friends have been here for too long
They must be waiting for you to move on
Girl, I'm not with it I'm way too far gone
I'm not ready, eyes heavy now
Heart on your sleeve like you've never been loved
Running in circles, now look what you've done
Give you my word as you take it and run
Wish you'd let me stay, I'm ready now

Wish you'd let me stay, I'm ready now
I'm not ready, eyes heavy now

All of your friends have been here for too long
They must be waiting for you to move on
Girl, I'm not with it I'm way too far gone
I'm not ready, eyes heavy now
Heart on your sleeve like you've never been loved
Running in circles, now look what you've done
Give you my word as you take it and run
Wish you'd let me stay, I'm ready now

Wish you'd let me stay, I'm ready now
I'm not ready, eyes heavy now
Wish you'd let me stay, I'm ready now
I'm not ready, eyes heavy now
Wish you'd let me stay, I'm ready now
