

## Gravity

Chase Atlantic

So we've both moved on and I know  
That you were the stronger one  
It was easy for you to let go  
But I'm still in love with you  
And I just want you to know  
That this pain won't drag me down  
Are you happier now that I'm gone?

Cause I'm so much higher now  
Cause I'm so much higher now

Let the time fly by like the wind  
And open our hearts again  
We were born to a world with dead ends  
So talk to me as a friend  
Limitation is only a word  
That's keeping us on the ground  
Oh, gravity, when will you learn?

That I'm so much higher now  
That I'm so much higher now
