

Don't Fade Away

Chase Coy

Tonight it's just you and me
My heart's on my sleeve,
And I'm ready
I'm ready for anything
Yes, anything

Tonight I've got just the full moon
And the stars to work with
Are you worth it?
Are you worth it?
'Cause this could be it
This could be it

You're my shooting star don't fade away
And we've got one more night so please say you'll stay

Please tell me you'll never leave
And please don't fall asleep
'Cause I'm afraid that this dream could turn into a nightmare,
If I wake up tomorrow and you're not there

Tonight we'll say our goodbye's
I'll look in your eyes
And you'll look into mine
It will be perfect
It will be perfect

Tonight if everything goes right
We'll lay under these lights
And I'll tell you,
Yeah I'll tell you that it's alright,
It's alright

You're my shooting star don't fade away
And we've got one more night so please say you'll stay

Please tell me you'll never leave
And please don't fall asleep
'Cause I'm afraid that this dream could turn into a nightmare,
If I wake up tomorrow and you're not there

And please tell me you'll never leave
And please don't fall asleep
'Cause I'm afraid that this dream could turn into a nightmare,
If I wake up tomorrow and you're not there

I'll wake up tomorrow
I'll wake up tomorrow
I'll wake up tomorrow and you're not there

Yeah, I'll wake up tomorrow
I'll wake up tomorrow
I'll wake up tomorrow and you're not there
And you're not there
And you're not there
