Mockingbird

Chase Coy

Summer arrived on the back of a mockingbird. It sang a sweet melody, but couldn't seem to find the right wor ds. I don't know if you've heard, but it's all over town, Yeah they're buzzing about it now.

I was singing alone when the mockingbird came to me, Perched on my windowsill, and hummed along quietly. But before long she was singing along, and she said, yeah she s aid:

"I've been waiting so long for these words to come out, It's practically all I've been thinking about. So thank you for finding the words I couldn't find on my own, Now I'm not alone."

Autumn was on it's way and summer was on it's way out; The mockingbird told me: "I change with the seasons," And that she was leaving town in a few days now.

We said our goodbyes, and I secretly wished for more time, But the seasons are merciless. For a while we both stood in silence Until she said:

"I've been waiting so long for these words to come out, It's practically all I've been thinking about. So thank you for finding the words I couldn't find on my own, Now I'm not alone."
