

Take Me Away

Chase Coy

One two three four

Take me away to january I'm done with this year I tired of everyone here

I just need some time alone

Before I'm ready to come back home

There's gotta be something else out there for me, I can feel it in my heart the day I started to dream.

There's more than this midwestern town

I can't let this place keep me down

So I tell myself...

There's a girl out on the coast of california, there's a world out there and it's waiting for you and I can hear them calling my name tonight...

Take me away I need the sand and the waves, the sunset, and let's not forget those warm autumn days. I just need to get out of here... and visit the coast just to see her.

There's gotta be something else out there for me,

I could feel it in my heart the day I started to dream.

There's more than this midwestern town.
