

Do It Like This

Chase Rice

That old foreign road, that's where we go,
We, we aint got no VIP,
No rope tied between these trees, pull on up and make yourself
at home.

Shit

We, we ain't gotta play DJ, we got speakers and a Chevrolet,
Rockin Randall Hank singing them new south songs. YEAH
MMM so come on and shake your moneymaker,
ahh u ain't nothing but a heart breaker,
yeah girl u killing me I gotta take u out for a midnight ride.

Hey we break out the fiddle, stay up all night.
Ain't got no disco ball, we kick it round the firelights yeah,
Oww we jump in the river, get your skinny dip on,
feel like we walking on water,
Rockin your body till the cows come home.
Give the jar a little twist, let you take a little sip,
cant wait to taste it on your lips,
end the night with a kiss, we do it like this!

Yeah we, we just try to do out thing,
got cat fish stretching on our string,
night crawlers, country ballers got it made.
And yeah you in the pretty pink cowboy boots, got a front row t
ailgate view
Me and the man in the moon, can't stop looking your way, nah
MMMM so come on shake your money maker,
ahh u ain't nothing but a heart breaker,
Yeah girl u killing me I gotta take u out for a midnight ride,
