

# Til Death Do Us Part

## Chasing Safety

I'm sorry sir, but I've got my side to tell  
About the time I walked in a room and fell for an angel  
Dancing in the air, walked through the door  
And pulled up a chair, looked her right in her eyes  
I knew she took my life right there

Oh what I'd give to have her heart  
I fell for her like in a god damn storybook  
"Whoa, wait, relax" is what she said to me  
But I know it's not how she meant to be  
"Backup" is what they said to me  
I know that this is how it's supposed to be

I would love you just the same if you had any other name  
Cause I know we're meant to be  
I would love you just the same if you had any other name  
Cause I know we're meant to be  
But no matter what I do, I'll never get enough of you  
Cause you'll never be with me

"Stay away, stay away, stay away" that's all I ever hear  
It's like a ringing, It's like a ringing in my ear  
"Keep away" that's what she said to me  
I vow to never give up, that was the death of me

"Stay, stay away, stay, just stay away"

When I followed her home it was so that she'd know  
That I'd always be there, I swear, I never meant for her to be so scared

I would love you just the same if you had any other name  
Cause I know we're meant to be  
But no matter what I do, I'll never get enough of you  
Cause you'll never be with me

I saw her when I got out of my car  
I was parked on her street  
But that's not the point of my story thus far  
I walked up to her, told her I loved her, told her I needed her  
She ran, so I ran, because I knew, she'd be mine

If you and I will never be I won't go on,  
they'll take my life from me  
I tried so hard to give myself to her  
but there was never enough, fuck

I would love you just the same if you had any other name  
Cause I know we're meant to be  
But no matter what I do, I'll never get enough of you  
Cause you'll never be with me

And that's the last you'll hear  
from me and this god damn tragedy  
As they take my life away
