

Freedom Within

Chastain

The dawn awakens my spirit's soul
First ray of light that makes me whole
A fresh day harkens I dream anew
Yesterday's losses are far removed

Freedom within calls to us all
Go back in time when we stood proud and tall

Walk of redemption it calls my name
Destiny is calling, I'm not to blame
No one knows me in this sacred place
Escape beckons me, face to face

A moment of peace, within the war
Life takes no prisoners, I've seen nevermore

Freedom within calls to us all
Go back in time when we stood proud and tall

I'm still alive and well without defeat
A moment of peace is all that I seek
Is all that I seek

I'm still alive and well with just one defeat
A moment of peace is all that I seek

Freedom
Freedom

Freedom within calls to us all
Go back in time when we stood proud and tall
Freedom within calls to us all

Come on and follow me because I am always free
Freedom
Freedom Within
