

## Dead Today

Cheap Sex

when you're young  
life moves so fast (wo-oh-oh)  
like a flash before your eyes  
it never lasts (wo-oh-oh)  
friends you think  
they'll be there tomorrow (wo-oh-oh)  
but now i look back  
in fucking sorrow (wo-oh-oh)

friday night we'd go to the shows  
but now you feed your habit  
and you're addiction grows  
whatever happened to the times of the past  
cause when you're punks forever  
it is meant to last!  
got a call in the middle of the night -  
they found you dead after you lost in a fight  
and for some dope, you lost your life -  
they left you to bleed with a fucking knife ...

and now you're dead, dead, dead, dead today!  
and in a flash you've gone, you've gone away -  
and now you're dead, dead, dead, dead today!  
scars forever are left, are left to stay.
