

## Paranoia

Cheap Sex

Searching for the secret plan  
It's their motive - they're out to get me.  
Who is listening on the phone  
I'm afraid to be alone  
I got 3 locks on my front door  
A hidden motive is in store

Are they out to get me?  
It is taking over me  
Paranoia takes its toll  
Now my mind has lost all control  
It's all a conspiracy  
They're out, they're out to get me.
