

# Alive

Cheap Trick

Doesn't matter if you're wrong or right  
Don't care if you sleep all day  
All or nothing till you get it right  
And we can all agree  
Give up that silver lining  
If you see gold

Ain't no surprise that the things we see  
Don't blink, don't stare at me  
If we don't think that we can get it right  
And we see eye to eye  
Why look for a a silver lining  
When it's all gold  
Take a look before it gets too old

We're never gonna get out of this place  
We're never gonna get out  
We're never gonna get out of this place alive  
You know we'll never survive  
We'll never get out of this place alive

I'll be lucky just to get it right  
And when you feel it you can bet all day  
All or nothing till you get it right  
And I can be your eyes  
Don't want no silver lining  
Just give me gold  
It's a look that never gets too old

We're never gonna get out of this place  
We're never gonna get out  
We're never gonna get out of this place alive  
You know we'll never survive  
We'll never get out of this place alive

It's not easy to fall in love  
We're not falling in it at all  
All that's said to you and me  
It's you and me that's all  
You're on a merry go round and round  
Losing all control  
I'm preparing you tonight  
For what I need and more

We're never gonna get out of this place  
We're never gonna get out  
We're never gonna get out of this place alive  
You know we'll never survive  
We'll never get out of this place alive  
We're never gonna get out  
We're never gonna get out of this place alive  
You know we'll never survive  
We'll never get out of this place alive
