

## Closer, The Ballad of Burt and Linda

Cheap Trick

Every day is a darker day  
It's always gonna be that way  
One step closer to mine  
I know it's not respectable  
But it is the best of all  
One step closer

Relax your mind  
It really doesn't matter if the Heavens is  
gonna rain or shine  
You're better off blind  
If the lover don't find  
Makes you one step closer to mine  
Closer

One step closer  
One step closer

Relax your mind  
It really doesn't matter if the Heavens is  
gonna rain or shine  
You're better off blind  
If the lover don't find  
Makes you one step closer to mine
