

It's up to You

Cheap Trick

Some people are very hard to shake awake
Some things are hard to define
Some lazy people've got haze on the brain
No motivation vacations holidays
You say you want to change the world upside down

Gotta go all the way
Start today
It's up to you to get it right
Gotta try gotta try

It's up to you to get things started
It's up to you no no not half hearted
Take each and every day as if it is your last
It's up to you you've things to do
It's up to you

Some have an attitude of fool all the rest
Take it all have a ball don't accept second best
So Hollywood but it's really anywhere
I've got a feeling it's something in the air
It's much the same across the worlds all around
It won't change much without our feet on the ground

Gotta go all the way
Start today
It's up to you to get it right
Gotta try gotta try

It's up to you to get things started
It's up to you no no not half hearted
Take each and every day as if it is your last
It's up to you you've things to do
It's up to you

Hands off attitude
What's that gonna prove
If you pass the test
Don't look back
Settle for the best forget all the rest
Take it all have a ball
You deserve the best

It's up to you to get things started
It's up to you no no not half hearted
Take each and every day as if it is your last
It's up to you you've things to do
It's up to you

It's up to you to get things started
It's up to you no no not half hearted
Take each and every day as if it is your last
It's up to you you've things to do
It's up to you
