

Ride The Pony

Cheap Trick

Come to me, I'm your boogie man
Come to me, let me take your hand
Smile, you waited for some floor
Come to me, understand
Baby, don't you want some more
I've got what you need, what you're dyin' for

Ride the pony, satisfy your funk
Ride the pony, satisfy your funk

Dance with me, I'm the rhythm king
Dance with me, and shake that thing
Babe, I feel like I could die
'Cause I've never been so high, higher than the sky

Ride the pony, satisfy your funk
Ride the pony, satisfy your funk
Ride the pony, ride the pony
Ride the pony, yeah, satisfy your funk

Move a little closer
What's holding that thing together
Let me scoot between your thighs
Got a pistol in my pocket
Just waiting for you, hey

Ride the pony, satisfy your funk
Ride the pony, satisfy your funk
Ride the pony, ride the pony
You got to ride the pony, yeah, satisfy your funk

Dance with me, I'm the rhythm king
Dance with me, I'll do most anything

Ride the pony, satisfy your funk
Ride the pony, satisfy your funk
Ride the pony, yeah, ride the pony

Ride the pony, satisfy your funk
Ride the pony, yeah, satisfy your funk
Ride the pony, ride the pony
Yeah, satisfy your funk
Ride the pony, ride the pony
Yeah you got to ride the pony
Satisfy your funk
Ride the pony
