

# Rock All Night

Cheap Trick

Rock!

(Rock all night) What you want  
(Rock all night) What you need  
(Rock all night) Comin', comin' to get you, baby  
(Rock all night)

Oh make no mistake  
Don't take a chance  
Don't back down  
Down, down to the ground  
Let's see some action  
Make a scene in between  
Go all the way  
Better get ready (better get ready)  
Get ready

(Rock all night) What  
(Rock all night) What you need  
(Rock all night) Comin', comin' to get you, baby  
(Rock all night)

What you want, what you need  
I'll tell you what to do  
On the rack and in the sack  
Do it all for you  
Stumble down, I get up  
Up for genocide  
Better get ready (better get ready)  
Get ready

(Rock all night) Get ready  
(Rock all night) What you need  
(Rock all night) Comin', comin' to get you, baby  
(Rock all night)  
Oo, yeah

Now it's time to settle the score  
I won't come knockin'  
I'll just kick down your door  
I don't know what you're waitin' for  
This is war, yeah  
(Rock all night)

Rock!  
(Rock all night)  
(Rock all night) Get ready  
(Rock all night) Better get ready  
(Rock all night) Get ready, get ready  
(Rock all night) Get ready for me
