

Sorry Boy

Cheap Trick

Take what you want
Giving back a steely stare
Eyes black as night, I
Can feel a shiver in the air

Sorry boy
Sorry boy

Time everlasting
As a mother's blood runs cold
Blast everyone
There's no forgiveness
When your soul is sold

Sorry boy
Sorry boy
Sorry boy

No one will be there
To pick you up if you should fall
Burned every bridge
Your only friends
The shadow on the wall

Sorry boy
Sorry boy
Sorry boy

Sorry boy
Sorry boy
Sorry boy
