

## Sorry Boy

Cheap Trick

Take what you want  
Giving back a steely stare  
Eyes black as night, I  
Can feel a shiver in the air

Sorry boy  
Sorry boy

Time everlasting  
As a mother's blood runs cold  
Blast everyone  
There's no forgiveness  
When your soul is sold

Sorry boy  
Sorry boy  
Sorry boy

No one will be there  
To pick you up if you should fall  
Burned every bridge  
Your only friends  
The shadow on the wall

Sorry boy  
Sorry boy  
Sorry boy

Sorry boy  
Sorry boy  
Sorry boy
