

## Walk Away

Cheap Trick

You think that it's funny, you think I'm a fool  
It's nothin' I needed, just somethin' to do  
Out of touch out of time, it's not easy to find, well  
These two hearts are broken before they start, so

Walk away, walk away  
I don't mind, I don't mind

Don't act like you're worried, I'm feelin' no pain  
You got what you needed, your fun little game  
Stoned and confused, I know, it ain't easy to hold on  
We've been hidin', pretendin', cheatin' and lyin'

Walk away, walk away  
I don't mind, I don't mind  
Walk away, walk away  
I don't mind, I don't mind

Don't know what to thank, who to blame  
We were lovers just the same, well  
Startin', stoppin'  
Over and over and over

Walk away, walk away  
I don't mind, I don't mind  
Walk away, walk away  
I don't mind, I don't mind

Walk away, walk away  
I don't mind, I don't mind  
Walk away, walk away  
I don't mind, I don't mind  
Walk away, walk away  
I don't mind, I don't mind
