

# Wrong Side of Love

Cheap Trick

She said that she's got something else on her mind  
I'm spending my money but I'm wasting time  
It looks to me like the end of the line

Well, she plays both sides and she's making me choose  
It's heads she wins and tails I lose  
Each time I call, it's another excuse

I thought that I was finally doin' everything right  
Now it looks like I'm the one left lonely tonight

I picked the wrong side of love  
And I wound up on the losin' end  
The wrong side of love  
Now I'm starting all over again

She makes me feel like I'm out of control  
She comes on hot but she turns ice cold  
Her light says stop when I'm ready to go, go

She set me up now she's puttin' me down  
Sometimes I feel like a face in the crowd  
One day I'm in, the next day I'm out

I thought that I was finally doin' everything right  
Now it looks like I'm the one left lonely tonight

Oh, I picked the wrong side of love  
And I wound up on the losin' end  
The wrong side of love  
Now I'm starting all over again, hey hey hey

I picked the wrong side of love  
Right place, wrong time  
The wrong side of love  
Well honey, put me in the right direction

I thought that I was finally doin' everything right  
Now it looks like I'm the one left lonely tonight

Picked the wrong side of love  
Is there a bad side to love?

I picked the wrong side of love  
Now I'm starting all over again  
Picked the wrong side of love  
And I wound up on the losin' end

Picked the wrong side of love  
Now I'm starting all over again  
I picked the wrong side of love  
And I wound up on the losin' end

Picked the wrong side of love  
Now I'm starting all over again  
I picked the wrong side of love  
Is there a bad side to love?

I picked the wrong side of love  
The wrong side of love  
I picked the wrong side of love  
Is there a bad side to love?

I picked the wrong side of love  
I picked the wrong side of love  
I picked the wrong side of love
