

Unfaithful, backstabbing coward

I'm fucking sick of all the lies  
And all the treachery  
I was always by your side  
And this is how you repay me

And after all these years  
You fucking turned your back on me  
I can't believe  
I ever considered you family

I will never forget this knife  
You placed in my back

Recreant, say it to my face  
No more fucking games  
This is where you pay  
Recreant

Step the fuck back  
And just bleed  
You're a worthless  
Gutless pig

Now you'll see that I'm not just  
Something you can fucking cast aside  
My whole life I stood right by your side  
You fucking hypocrite

You make it seem like it was my fault  
You lied  
Don't forget I know exactly what you did

I'm fucking sick of all the lies  
And all the treachery  
I was always by your side  
And this is how you repay

And after all these years  
You fucking turned your back on me?  
I can't believe  
I ever considered you family

I will never forget this knife  
You placed in my back

Recreant, say it to my face  
No more fucking games  
This is where you play  
Recreant

You are dead to me
