

After the Fall

Chelsea Wolfe

Nothing will keep us apart
I said nothing will keep us apart
I know that you'll find me there

I know that you'll find me
After the fall
I know that you're waiting
I know that you'll find me there

After the fall
I know that you're waiting
Ready to run

Chasing the sun
I can't wake up
Scream and run
Don't let them win

Nothing will keep us apart

I know that you'll find me
After the fall
I know that you're waiting
I know that you'll find me there

After the fall
I know that you're waiting
Ready to run

Chasing the sun
I can't wake up
Scream and run
Don't let them win

Nothing will keep us apart

Go on, drive into the morning
Never give up
Never give in
