

Crazy Love

Chelsea Wolfe

Crazy love, it's not you I fear
You let the devil in
You hold him near
Crazy love

When did the war begin
When will it end
When will it end
Crazy love
Crazy love
Crazy love
Crazy love

And I don't want to live without you
I don't want to live without you

Crazy love, where is our home
Look at the place we're in
The hell we left it in
Can we forget ourselves
Can we forgive
Can we afford the years, my lovely friend

Crazy love
Crazy love
Crazy love
Crazy love
I don't want to live without you
I don't want to live without you
I don't want to live without you
