## He's a Good Ole Boy

**Chely Wright** 

To steal him's been your number one ambition But sister here's one safe that you don't have to crack I'll hand him over under one condition A deal's a deal and you can't give him back

Cause he's a good ole boy Good for nothing Good at lying, good at loving Good at leaving When the rent comes due He's a good ole boy and I'm a good ole girl So I'll give him to you

Go ahead and take him with my blessing He might even let you be his Sunday girl If your not used to worrying and guessing He'll soon shake up your cozy little world

Cause he's a good ole boy Good for nothing Good at lying, good at loving Good at leaving When the rent comes due He's a good ole boy and I'm a good ole girl So I'll give him to you

Cause he's a good ole boy Good for nothing Good at lying, good at loving Good at leaving When the rent comes due He's a good ole boy and I'm a good ole girl So I'll give him to you

He's a good ole boy and I'm a good ole girl And I'll hive him to you
