Not as In Love

Chely Wright

I've seen "Sleepless In Seattle" way too many times And I guess my expectations might seem a little high I know they're just actors on a screen I look at them, then look at us and see What we have ain't gonna be enough for me

I want the earth to move, I want bells to ring When he walks in the room, I wanna hear angels sing It's not a bad situation I'm in right now you see I'm just not as in love as I'd like to be No I'm not as in love as I'd like to be

I can see a red flag wavin' when I'd rather be alone When I know it's him callin' and still I don't pick up the phon e Oh I know there's a love here that's a fact But he loves me more than I could ever love him back I've been tryin' but I just can't live like that

I want the earth to move, I want bells to ring When he walks in the room, I wanna hear angels sing It's not a bad situation I'm in right now you see I'm just not as in love as I'd like to be No I'm not as in love as I'd like to be
