

# Till I Was Loved By You

Chely Wright

I tried my hand at the game enough  
But I ain't lucky when it comes to love  
I want it all but I never wanna wait  
You ain't like the ones I've known before  
You stir up feelings that I can't ignore  
This heart of mine finally understands

And baby, I've been held and I've been tied down  
I've been wrapped and I've been unwound  
I've been kissed oh  
But I ain't never been loved  
Till I was loved by you

Now people told me that I was wrong  
But I knew love was a sweeter song  
I kept waiting for the perfect melody  
Now in your arms it's plain as day  
Knowing you was worth the wait  
Come say you'll never give up on me

And baby, I've been held and I've been tied down  
I've been wrapped and I've been unwound  
I've been kissed oh  
But I ain't never been loved  
Till I was loved by you

And baby, I've been held and I've been tied down  
I've been wrapped and I've been unwound  
I've been kissed oh  
But I ain't never been loved  
Till I was loved by you

Till I was loved by you  
Till I was loved by you  
Till I was loved by you
