

Lonely, lonely  
So you think that you know me  
You're the only one who knows who I am  
I decided to let that I'm breaking  
All the chains on my throne imperfection  
Could it be that easy to let it all go

Everything you see that glitters  
Isn't always gold  
Everything you think it's perfect  
Isn't always oh  
Many times many times I would've let my feelings show  
Everything you see that glitters  
Isn't always gold  
You know I'm just human, human, human after all  
You know I'm just human, human, human after all

Slowly, slowly  
I'm okay in revealing  
Scars you see I wear them proud in the end  
I decided tonight that I'm wasting  
Too much thought on the art of perception  
Could it be that easy to let it all go

Everything you see that glitters  
Isn't always gold  
Everything you think it's perfect  
Isn't always oh  
Many times many times I would've let my feelings show  
Everything you see that glitters  
Isn't always gold

You know I'm just tired of the way, of the world on my shoulders  
Baby you know I'm sick of always carrying it for you  
Used to be a superwoman now that's over, over  
I'm a lover, I'm a lover, baby, I'm a soldier  
Doesn't mean that I could be everything for you  
Used to be a superwoman now that's over, over

Everything you see that glitters  
Isn't always gold  
Everything you think it's perfect  
Isn't always oh  
Many times many times I would've let my feelings show  
Everything you see that glitters  
Isn't always gold  
You know I'm just human, human, human after all  
You know I'm just human, human, human after all
