

# Just Be Mine

Cher Lloyd

Yeah, yeah, yeah, okay...

You say I'ma treat you right  
I say that you're too uptight  
Then we have a stupid fight  
I don't mean to hurt you but I do

Break up, gonna take you back  
Make you have a heart attack  
Boom boom, there's a heart attack  
I don't mean to hurt you but I do

Gonna wake up, get my swag on  
Be the lucky drum in your heart  
Even though I'm out in the night  
Even though I'm gone, just be mine  
Be my lover boy in the stars  
Be my fire boy in the dark  
Even though I'm out in the night  
Even though I'm gone, just be mine, boy  
Just be mine, just be mine  
Just be mine, just be mine, boy

I want you like...  
Uh uh uh uh ah ah ah ah  
Uh uh uh uh ah ah ah ah  
Uh uh uh uh ah ah ah ah  
Uh uh uh uh ah ah ah ah

Uh uh uh uh ah ah ah ah  
Uh uh uh uh ah ah ah ah  
Uh uh uh uh ah ah ah ah  
Uh uh uh uh ah ah ah ah

Sometimes, I'm a crazy bitch  
Doing things that'll make you sick  
But I get away with it  
I don't mean to hurt you but I do

You say that I make you wait  
That's true 'cause I make you wait  
Just one of the things you hate  
I don't mean to hurt you but I do

Gonna wake up, get my swag on  
Be the lucky drum in your heart  
Even though I'm out in the night  
Even though I'm gone, just be mine  
Be my lover boy in the stars  
Be my fire boy in the dark  
Even though I'm out in the night  
Even though I'm gone, just be mine, boy  
Just be mine, just be mine  
Just be mine, just be mine, boy

I want you like...  
Uh uh uh uh ah ah ah ah

Uh uh uh uh ah ah ah ah  
Uh uh uh uh ah ah ah ah  
Uh uh uh uh ah ah ah ah

Uh uh uh uh ah ah ah ah  
Uh uh uh uh ah ah ah ah  
Uh uh uh uh ah ah ah ah  
Uh uh uh uh ah ah ah ah

I always messed up (sorry)  
I really need you now (sorry)  
I just can't help myself  
Uh uh uh, so naughty  
I always messed up (sorry)  
I really need you now (sorry)  
I just can't help myself  
Uh uh uh, so naughty

Uh uh uh uh ah ah ah ah  
Uh uh uh uh ah ah ah ah

Just be mine, whoa ohhh

I want you like  
Ohhh ohhh ohhh ohhh  
Ohhh ohhh ohhh ohhh  
Ohhh ohhh  
I want you like  
Ohhh ohhh ohhh ohhh  
Ohhh ohhh ohhh ohhh  
Ohhh ohhh
