

# I'll Never Stop Loving You

Cher

One day I'll stop breathing  
My heart will stop beating  
I won't see your face again

This flesh and blood is weak  
And life isn't ours to keep  
Sometime it has to end

In time even memories fade away  
With time you might live to forgive and forget  
The mistakes that I made

I broke some promises  
Sometimes I lied to you  
But one thing will always be true  
I'll never stop loving you

Falling from your grace  
You'll never be replaced  
God knows how hard I've tried

But it just ain't no use  
Well I thought I could shake you loose  
I'm still torn up inside

In time even memories fade away  
With time you might live to forgive and forget  
The mistakes that I made

I broke some promises  
Sometimes I lied to you  
But one thing will always be true  
I'll never stop loving you

Oh, I broke some promises  
Sometimes I lied to you  
But one thing will always be true  
I'll never stop loving you  
No no no, I'll never stop loving you, loving you
