

Lovers Forever

Cher

Imagine the life
without death or disease
The kind of power to bring a rich man to his knees

I offer you this
But it comes with a price
A moment's pain for such a trifle sacrifice

I can show you worlds no human eyes have seen
I can show you words beyond all reasoning

Surrender to me now
And well be lovers for all time
Ageless and sublime
Well be lovers forever

We'll live just like gods
Quenching every desire
We'll savor ectasy with every kiss of fire

I offer you more
Than mere words can express
How many mortals who have drained their souls for less

With one gesture I can set your spirit free
With one gesture you'll be mine eternally

Surrender to me now
And well be lovers for all time
Ageless and sublime
Well be lovers forever

Surrender to me now
And well be lovers for all time
Ageless and sublime
Well be lovers forever

Surrender to me now
And well be lovers for all time
Ageless and sublime
Well be lovers forever

Surrender to me now
