

# Not Enough Love in the World

Cher

Sometimes I wonder where it is loves goes  
I don't know if even heaven knows  
But I know we had dreams  
That didn't quite come true  
And now, I'm not the one  
Little boy, who's keeping you

I was either standing in your shadow  
Or blocking your light  
Though I kept on trying  
I could not make it right  
For this girl  
There's not enough love in the world

I know people hurt you so bad  
They don't know the damage  
They can do and it makes me so sad  
How we knock each other down  
Just like children on a playground  
Even after that o' sun went down

I was either standing in your shadow  
Or blocking your light  
Though I kept on trying  
I could not make it right  
For this girl  
There's not enough love in the world

Oh darling this is still a shady little town  
And sometimes it's so hard to smile  
For the world, for the camera  
And still you have something left  
You don't have to prove nothing to nobody  
Just take good care of yourself

I'm not easy to live with  
I know that it's true  
You're no picnic either, baby  
And that's one of the things  
I loved about you

But a time will come around  
When we need to settle down  
Got to get off this  
Merry-go-round

I was either standing in your shadow  
Or blocking your light  
Though I kept on trying  
I could not make it right  
For this girl  
There's not enough love in the world
