

# Red

Cher

All I see is red, now  
Just can't dream nothing else  
All I see is red, now  
I'm drowning, no one can help

Sirens through my head, everything you said  
Floating lost at sea with sharks around our bed  
Wish I heard the call when it was the end  
Warnings filled the air but it was too late to pretend  
We were living in black and white  
Under the grayest sky  
Since we've been over, it won't stop

All I see is red, now  
Just can't dream nothing else  
All I see is red, now  
I'm drowning no one can help  
It's all around me  
Red from my heart, red like my blood  
Red from my lips when you told me you were done  
Red, now  
All I see is red now

Used to be that you were every color of my life  
A rainbow shining through the rain, cutting like a knife  
You were my obsession every night and every day  
So when we fell apart the blue was more than I could take  
We were living in black and white  
Under the grayest sky  
Since we've been over, it won't stop

All I see is red, red  
All I see is red, red  
It's all around me  
Red from my heart, red like my blood  
Red from my lips when you told me you were done  
Red, now  
All I see is red, now

Red from my heart, red like my blood  
Red from my lips when you told me you were done  
Red from my heart, red like my blood  
Red from my lips when you told me you were done

Red, now  
Just can't dream nothing else  
All I see is red, now  
I'm drowning, no one can help  
It's all around me
