

See See Rider

Cher

Well see see rider
Well see what you have done, whoa
See see rider, see what you have done
You know you made me love you
Now you're woman's come

Well I'm going to the Hilton
And I know I won't get it
Lord, Lord I'm going to the Hilton
I know I won't get in
But even though
You know I'll still be their friend

Well you gotta love me, gotta love me baby
Hey you gotta love me baby, oh oh whoa oh
You gotta love me baby
Then I'm on the run

Well I'm going away baby
And I won't be back till fall. yeah yeah
I'm going away baby
I won't be back till fall
But if I find me a good man
You know I won't be back at all

I said bye, bye, bye
Bye bye baby
So long, bye bye
Oh bye bye baby, bye baby We'll I'm going away
