Wasn't It Good

Wasn't it good The way that I touched you late last night Wasn't it good again In the morning's early light

Did you know when you closed That bedroom door I betcha didn't know exactly what I had in store

Wasn't it good When you felt it coming through you Wasn't it good That I knew just how to do you

Did you know you never had it Like this before I betcha didn't know You'd be coming around Back for more, more, more

Let's have a party Love's pouring out of my soul I'm your party hearty And let the future take control

Just remember my darling When there's time to spare You'll be thinking about me And our hot affair Saying wasn't it good Wasn't it good so good

Did you know you never had it Like this before And I betcha didn't know You'd be coming around Back for more, more, more

Let's have a party Love's pouring out of my soul I'm your party hearty And let the future take control

Let's have a party We'll make the best of it while we can God you won't be sorry, Cause I'm committed to Pleasing my man, my man Just remember my darling When there's time to spare I'll be thinking about you And our hot affair Saying wasn't it good Wasn't it good so good
