

Moment in Time

Cherish

I know most times I'm far away
But still I'm missin' you
I've said some things that I regret
But I'll make it up to you

Baby, I can't breathe when you touch my body
When your heart beats, it's like music to me
And I can't see my life without you
And baby, it's all up to you

If I could make time stand still
Then I know we'll live this moment forever
Can we stay right here?
You don't have to go, baby, close that door

I really ain't missing you
I'd rather be kissing you
Don't know what I would do
If I couldn't make love to you

Over and over, and over I wish
That I could live this moment in time

There were times of day
I put my life completely in your arms
And if you should feel I can do more to please you
Then baby, tell me how, oh oh

Baby, I can't breathe when you touch my body
When your heart beats, it's like music to me
And I can't see my life without you
Baby, it's all up to you

If I could make time stand still
Then I know we'll live this moment forever
Can we stay right here?
You don't have to go, baby, close that door

I really ain't missing you
I'd rather be kissing you
Don't know what I would do
If I couldn't make love to you

Over and over, and over I wish
That I could live this moment in time

If I could make time stand still
Then I know we'll live this moment forever
Can we stay right here?
You don't have to go, baby, close that door

I really ain't missing you
I'd rather be kissing you
Don't know what I would
If I couldn't make love to you

Over and over, and over I wish

That I could live this moment in time
