

## Don't Fall In Love

Cherryholmes

I've got a heart that's broken in two  
And it's all because I gave it to you  
Oh, I should've known what they said was true  
Said you love and you leave her you're a first class deceiver and I fell for you

You run around and you play with love  
And I found out forever ain't what you're thinkin' of  
You've had your fun and I've had enough  
I guess better luck next time or don't fall in love

Forgive and forget is such a smooth line  
But it's one that you gave one too many times  
And I don't want to hear what you have to say  
So don't sing me no sad song 'cause I know it won't be long  
You'll find a new place to play

You've had your fun, and I've had enough  
I guess better luck next time or don't fall in love
